LIBRARY
SUSQUEHANNA UNIVERSITY

Presented to the class of 1970
Susquehanna University
Selinsgrove, Pennsylvania

DEDICATION

In attaining an education on any level the student must turn to people for guidance and assistance. Those who do grant these services are long remembered and greatly appreciated. One individual who has given freely his guidance and understanding is Dr. Philip C. Bossart. For this reason we dedicate the 1970 Lanthorn to him.

Dr. Bossart holds a PhD. from Syracuse University and has been at Susquehanna since 1952. He is currently a professor of psychology and head of the department as well as being Chairman of the Social Studies division. A well-known face on campus, Dr. Bossart has given valuable instruction to students of all classes and concentrations.

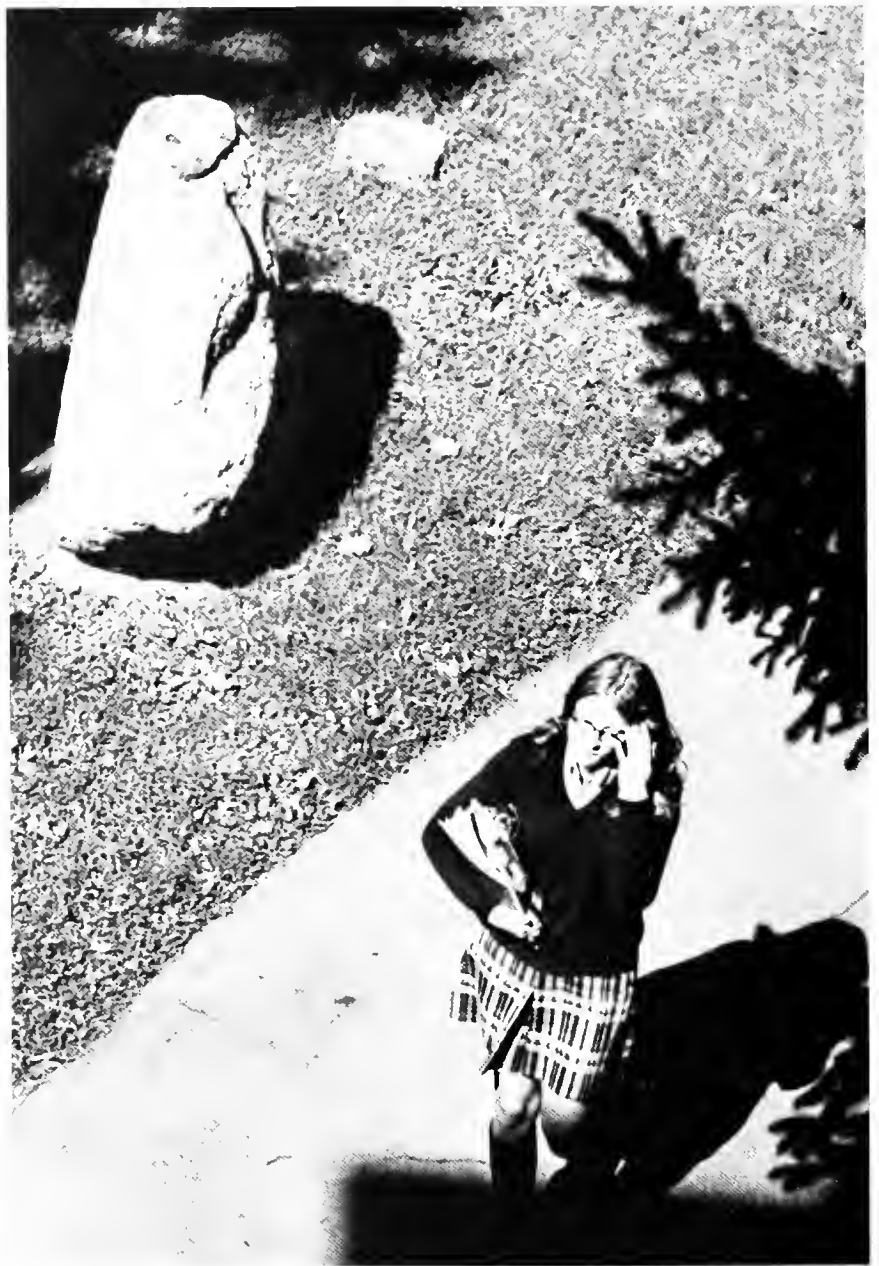

"If he is wise he does not bid you enter the house of wisdom, but rather leads you to the threshold of your own mind."

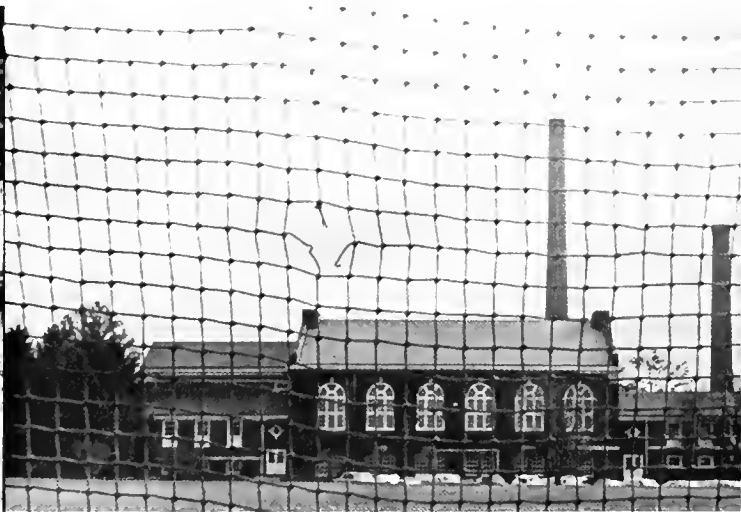

The Prophet

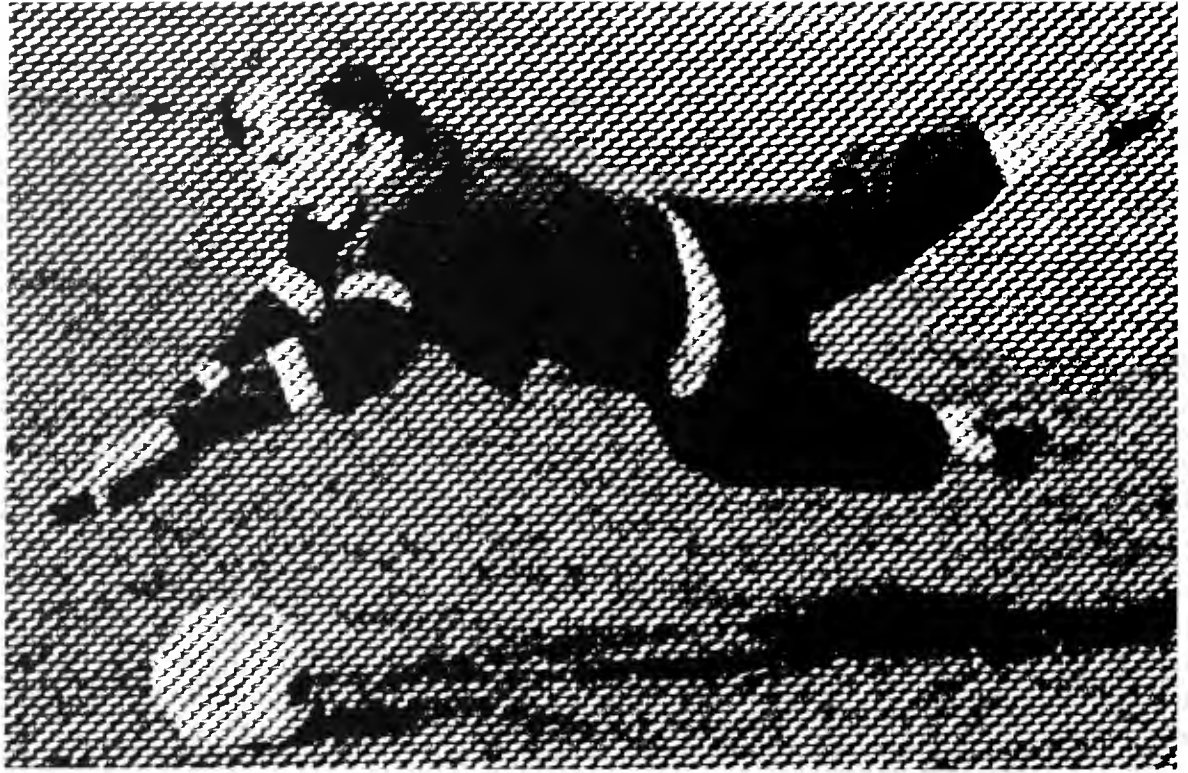

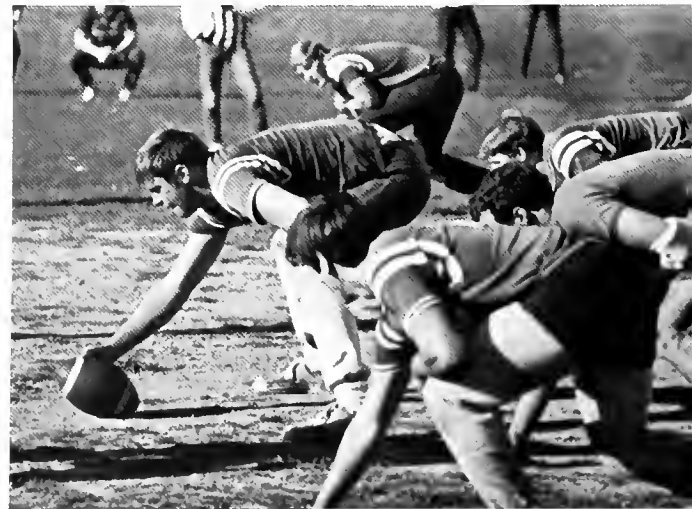

***It's a
Great
Life***

Go get the things

that you're after.

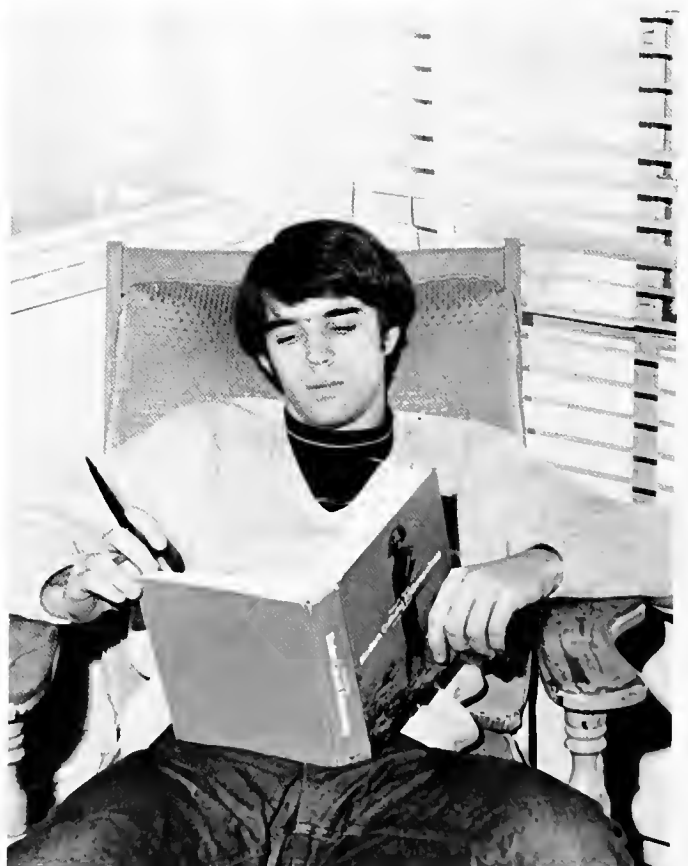

***Hold out for good times
and laughter.***

***This is your chance
so go for today.***

***It's a Great Life.
Why don't you reach out and take it.***

*Jump for the top
and you'll make it.*

Stick with your dreams

...and you'll find your way.

Straight ahead...

*...you'll go through
a thousand doors.*

and straight ahead...

*...the world can
be yours.*

TO THE MEMBERS OF THE SENIOR CLASS:

Some years ago Mark Van Doren said "The experience that makes the deepest difference in any boy or girl is the experience of going to college. It is there that the man, the woman, is created; for it is there that thinking begins, and in our society there is no more noticeable difference than the difference between the thoughtful and the unthoughtful person. The difference has been called magic. There is no exaggeration in the term; it refers to the change from child to human being, the change that all of us desire in so far as we comprehend that the specific, the distinguishing quality of any person is the quality of his mind".

You have now spent four years at Susquehanna University, are about to receive a degree as an indication of your studies, and hopefully have undergone the change Dr. Van Doren mentions. This importance of education for our times stems from the fact that our nation must provide leadership in restoring Western civilization to a position of intellectual leadership in the world. How well we succeed may affect the welfare of humanity and civilization for many generations to come.

The challenge to you is to use your education to serve this nation and the cause of freedom to the end that confidence is restored in ourselves and in men everywhere who want to be free. You must remember that progress in achieving any worthwhile goal at any time is an uphill fight to the end.

As you go forth as persons who join the great stream of America's educated men and women, the basis of her ultimate intellectual superiority, may you accept the challenge, and may God instill in each of you a passion for excellence in fulfilling whatever may be your role. I have every confidence that Susquehanna's graduates will meet it.
